Engineer's Day

Department: Computer Engineering
CESA

Academic Year: 2022-23
ACM

Type of Conduct: Offline

Title of the activity : Engineer's Day

Date of conducts : 09/15/2022

Category: Technical

Details: On the occasion of Engineer's Day, PCCOE ACM Student Chapter, Team CESA, and Google Developer Student Club PCCOE have planned to conduct 2 competitions.

Web Development Competition:

It will be an offline competition where students will be asked to design a website based on the given problem statement. Any framework can be used. A time span of 3 hours will be given to complete the design and present it. Submission needs to be made on the same day.

UI/UX design-making competition

It will be a three-day long competition where students may participate alone or in a group of two. They must create a website based on a provided issue statement that has a minimum of 3 pages and a maximum of 10. Any design software including Figma, Adobe XD, and others can be used. Participants must present their designs offline on September 15. The top 3 designs will be featured on the social media channels of ACM PCCOE and GDSC.

The winners will get interesting rewards.

ACM Members Count : 30

Non ACM Members Count: 110
